**DESCRIPTION OF WORK:**

This application does not ensure that a permit will be issued. If any information provided herein is found to be false, that application may be considered null and void. Permits issued in reliance on false information, which may be provided herein, may also be deemed null and void. The undersigned confirms that the information provided herein is true and correct. The issuance of this permit does not allow development of land uses not in compliance with the La Paz County Zoning Regulations. On State Highways and County roads, an encroachment permit may be required.

***By signing this application you are stating that all of the above information is correct and true.***

## PLOT or SITE PLAN

Plot or Site Plan must show the following information:

- I. All parcel property lines (include all dimensions in feet).
- II. Location of new dwelling/structure (in relation to property lines).
- III. All existing structures and distances between these structures.
- IV. Distance between all structures, property lines, and neighbor(s) structure.
- V. Location of septic tank, leach field, and reserve area.
- VI. All easements, washes, embankments, slopes, etc.
  - a. Affected roads, easements, and right-of-ways should be shown. Properties situated on State or County roads will need to furnish proof that the appropriate agency concurs or waives applicable permits, i.e. encroachment permits for ingress/egress on State and Country highways.
