The undersigned hereby agrees that construction may be inspected at any time during normal working hours. Construction inspections are to be ordered 24 hours in advance of desired inspections (note: 24 to 48 hours in outlying areas). This application does not ensure that a permit will be issued. The Building Inspector, prior to issuance of the permit will verify each application along with the construction plans. If any information provided herein is found to be false, that application may be considered null and void. Permits issued in reliance on false information, which may be provided herein, may also be deemed null and void. The undersigned confirms that the information provided herein is true and correct.

By signing this application you are stating that all of the above information is correct and true.

PLOT or SITE PLAN

Plot or Site Plan must show the following information:

- I. All parcel property lines (include all dimensions in feet).
 - II. Location of new dwelling/structure (in relation to property lines).
 - III. All existing structures and distances between these structures.
 - IV. Distance between all structures, property lines, and neighbor(s) structure.
 - V. Location of septic tank, leach field, and reserve area.
 - VI. All easements, washes, embankments, slopes, etc.
 - a. Affected roads, easements, and right-of-ways should be shown. Properties situated on State or County roads will need to furnish proof that the appropriate agency concurs or waives applicable permits, i.e. encroachment permits for ingress/egress on State and Country highways.
-
