Chairman Irwin recognized Cindie Douglas, Recording Clerk, with a County Shirt for her ten (10) years of service to La Paz County.

Presentations: Updates from the Parker Area Chamber of Commerce, Parker Tourism and La Paz Economic Development Corporation

Skip Becker, La Paz Economic Development Corporation (EDC) President, discussed the accomplishments he was able to bring as head of the organization, having been awarded the 2015 Arizona Association for EDC Developer of the Year. He noted the organization's growth, projects and outlook on the future of La Paz County. He added that the La Paz EDC has "made a name for itself" among the professional economic organizations.

He stated the organization's activities will result in capital investments projected to be more than \$150 million, along with projected job creation/retention of over 200 permanent above-medium income jobs, in addition to the interim construction jobs for the various projects.

Mr. Becker stated that the hard work put into the last few years in "creating change" has "paid off", by assisting clients in moving their projects forward and gaining the confidence of investors. He added that the EDC is looked to as a "model" by other economic development organizations.

He stated that the return on the County's "investment" into the EDC is "second to none" and vital to La Paz County.

Supervisor Wilson asked Mr. Becker if he was aware as to when the Rose Acre Farm would begin construction.

Mr. Becker stated that he was not aware as to when this would occur; however, he felt that it would be very soon.

Mary Hamilton, Executive Director of the Parker Area Chamber of Commerce, gave a power point presentation based on the information shared at the organization's recent "retreat".

She thanked the Board of Supervisors for their monetary support over the years and she would be discussing some of the recent issues that have arisen in addition to the power point presentation.

She stated that, due to resignation of key seats on the Area Tourism Board, the Coordinator, Chairman, and Vice Chairman seats; the remaining Board has asked that what was left of Area Tourism be moved "under the Chamber" as a division functioning as a "destination marketing office". She added the Chamber bylaws are already structured for this status and the Tourism funds would go to the Chamber of Commerce's general fund. She further added that this request has not yet been before the Chamber Board for approval.

Ms. Hamilton discussed at length the mission of the Parker Chamber of Commerce, along with the activities conducted in the past year, as well as the future plans for growth.

Supervisor Wilson stated that he had a copy of the digital power point presentation if anyone wished to have a copy.

La Paz County Board of Supervisors
Monday, August 17, 2015, 10:00 a.m. Regular Meeting

SUPERVISOR CLAPPERTON MOVED to deny request to appoint County Administrator as Interim Finance Director/Chief Finance Official. Motion seconded by Supervisor Wilson for discussion.

Chairman Irwin stated that she was aware that it was important to have someone be able to sign certain documents.

Supervisor Wilson expressed that he had the same concerns as expressed by Supervisor Clapperton; however, the administrative duties are a “pressing and urgent need”, and the appointment should be made, and the search for a Finance Director replacement should proceed “post-haste”.

County Administrator Field stated that since he has been “signing off” in lieu of a Finance Director to handle those affairs, he felt that it was more appropriate for the Board to make an appointment for that function until a Finance Director was obtained.

MOTION FAILED by a vote of two to one, with Supervisor Wilson and Chairman Irwin voting “no” to the request to deny appointment of an Interim Finance Director/Chief Finance Official.

She added that the total amount of the grant was \$88,177.15 and requires an “in-kind match” of \$13,907.90, which would be met by already budgeted salaries and volunteer hours. She stated that it would also include signage for the Peace Trail, a Hippie Hole sign for Day Use, concrete picnic tables, trash receptacles, ramadas, an informational kiosk for mapping, wild life information, and waterless vault style restrooms. She stated the work would be provided by personnel from Public Works, the Parks Department, and volunteers from the Arizona Peace Trail and Arizona Sunriders.

Chairman Irwin described the grant as “exciting” for an area that has been known for years as the “Hippie Hole”. She added that, although it is Bureau of Land Management (BLM) property, the County has kept the area cleared up for the public’s use, and the grant funding is welcomed to take care of some of the “health issues”.

SUPERVISOR WILSON MOVED to adopt Resolution No. 2015-14, approving an application for a statewide Off-Highway Vehicle (OHV) Program Grant in the amount of \$88,177.15, with an in-kind match of \$13,907.90, for the improvement of the Hippie Hole Day Use and Stage areas; and authorize the County Administrator to sign the application. Tax Roll Corrections – Assessor

Chief Deputy Assessor Jones stated that the tax roll corrections presented were for corrections made to Tax Years 2008 through 2014 with a net result of -\$91,363.30.

She explained that -\$30,333.08 was a refund for the McMullen Valley Irrigation District as a result of a “typo” on the number of acres. She added that the remainder is related to a piece of property obtained through a tax lien sale in which the waterfront portion is claimed to belong to the Bureau of Land Management. She added that the property owners are “fighting” the claim by BLM; however, she wished to make the correction to alleviate any additional interest that may be accrued.

He went over, at length, each of the rates for the college district, various special districts, street lighting improvement districts, fire districts, and school districts.

A brief discussion ensued noting that the funds were in possession of the trustee that handled the transactions and ready for the County to use; and it was suggested that the year vehicles purchased should provide an option for either 2015 or 2016 vehicles to provide for availability and flexibility in the bids.
