Guidelines for Septage Haulers

The following guidelines shall be met prior to commencing business:

Permit Submittal Documents:

1. Complete and submit a separate Application for Permit for each vehicle. Each Application for Permit shall have a separate permit fee of \$200.00.
2. Complete and submit a separate ADEQ Application for Septic Tank Cleaner License for each vehicle over 750 gallons of wastewater. Please sign and date each form and attach the ADEQ fee.
3. A copy of the title and registration shall be submitted for each vehicle to be permitted.

Once items 1-3 above have been completed you may schedule an inspection through our division. Upon approval of the inspection we will issue a permit number. The permit will be good for one year to be renewed annually every January. Permits that are not renewed by January 15th will be suspended and the operator will have to start the entire process over again including licensing through ADEQ.

You will be expected to:

- Have the original or a copy of the permit at all times the vehicle is in operation.
- Maintain a current license with ADEQ at all times the vehicle is in operation. If the vehicle does not get an ADEQ license and display it, the Water and Wastewater Division will suspend your permit to operate or will not renew your application the following year.
- Each vehicle shall display the ADEQ license number on both sides and the rear of the tank. The numbers shall be a minimum of 3" tall in a contrasting color to the vehicle color.

Illegal Wastewater Disposal/Dumping is a criminal offense and will result in the revocation of the permit to operate and prosecution under ARS 36-601.

Attached Documents/Checklist:

- La Paz County Application for Permit
- ADEQ Application for Septage Hauler License
- Solid/Septic Waste Manifest

Submittal Checklist:

- Copy of the each vehicle title, Arizona Department of Motor Vehicle Registration and current license plate number of the septic vehicle(s).
- Certificate of Insurance naming **La Paz County and Allied Waste as an additional insured** on your vehicle insurance policy relating to spills, etc.; Minimum policy amount: \$300,000
- Current contact information for your company to include company name, (if company name is a DBA please provide parent company name), contact name and 24 hr phone number, billing address and company telephone number.
